

Pippa's Wiggly Ears

Instruction Sheet

1. Print the 'components sheet' out onto card. If there is only paper available then print onto paper and then paste the printed sheet onto card. Allow to dry before colouring and cutting.
2. Colour Pippa's face and the fat ends of the two ear mechanisms (A and B).
3. Carefully cut out all the parts: Pippa's Head and the three mechanisms A, B and C.
4. Make holes in the three mechanisms where the black dots are. There are two holes for parts A and B and one hole for part C.
5. Align the holes marked with a 1 in all three mechanisms. Now push the brass split paper fastener through the three holes and bend the split pin to secure. The mechanism should now look like so:

6. Now make a hole in the centre of Pippa's eyes and push a paper fastener through each eye.
7. Now push each of these fasteners through the holes in mechanisms A and B marked with a 2. Bend both fasteners to secure.
8. With Pippa facing you. Hold Pippa's head at the top and pull the long strip up and down for Pippa to wiggle her ears.
